BEER MADE AT HOME

New Discovery Benefits Thousands.

Cincinnati, O., May 28.—By a new method of concentration, well-known brewer of this city has discovered a process whereby real lager beer is no longer limited to concentrated form in small packages.

The process of reducing milk and other liquids to a powder by evaporation has been known for years, but this is the first time that beer has ever been successfully offered to the public in this highly concentrated form. And now any one may have, in his own home, any time, anywhere, a lager beer. The new discovery contains all the ingredients necessary, having the same foam and sparkle as the Best Brewery Beer. Just add water and a little sugar, and you have a beer that is really better tasting, more healthful, and superior in many ways to the usual brewery lager.

This new discovery is already being used and welcomed by thousands of families in wet, as well as dry, territory, because of the excellence of the brew, and because it can be shipped anywhere by Parcel Post right to your doorstep. The cost of this lager beer has been reduced so low that it is now considerably less than a penny a glass. Write to-day, or send this coupon, to Mr. A. S. Shuh, at 4157 Third Street, Cincinnati, Ohio, for an interesting account of his discovery and his free trial offer.

Richmond Labor Opposes Parade

Central Trades Council Wants No Demonstration for "Preparedness."

By a unanimous vote the Richmond Central Trades and Labor Council on Friday night went on record as being opposed to a preparedness parade.

Resolutions were drafted and presented to Mayor Ainslie yesterday. Those resolutions were a reply to the letter addressed by Mayor Ainslie to the Trades and Labor Council.

Leaders of the local council spoke against preparedness, and in the resolution, afterward adopted, they accused politicians and financiers of attempting to create a preparedness wave in the United States for selfish purposes.

Following is a copy of the resolutions:

"Whereas there is a movement on foot in this city to stampede our citizens on the question of so-called 'preparedness' by means of a street parade on June 3; and

"Whereas, back of this persistent agitation for increased armament, are the manufacturers of war munitions and other profit-mongers, who not merely see in this new and un-American military program millions of dollars in private gain, but who see an opportunity to divert the attention of the people from the present economic wrongs at home to imaginary enemies abroad; therefore, be it

Resolved, That the Central Trades and Labor Council of Richmond and vicinity hereby enters its protest against any attempt, by means of parades or other demonstrations, to magnify sentiment for increased military equipment, and thus influence our representatives in Congress to vote accordingly; and be it further

Resolved, That we call upon all workers and other truly patriotic citizens to refrain from any demonstration that may more or less divert the people from that cool and deliberate judgment so necessary to a proper solution of this great problem; and be it further

Resolved, That copies of this preamble and resolutions be forwarded to the other central bodies of the State and copies be furnished the press for publication."

Don't Let a Cold Get a Good Start

The way to check a cold is to fight it from the first. Even the worst malady often are easily conquered if attacked early enough. Colds may lead to asthma, bronchial troubles and pulmonary affections. In the treatment of these one of the first needs is to build up body resistance.

Eckman's Alternative often has assisted in such upbuilding. As a treatment for the troubles named it has been used for more than twenty years. And in many instances it has effected lasting relief.

As with any other medicine, it should be regarded only as a first aid to right care and hygienic living—and a safe one. For it contains no narcotics, opiates or habit-forming drugs of any sort.

ALDERMEN TO CONSIDER PURCHASE OF FORBES LAND

Will Take Final Step To-Morrow Night Looking Toward Opening Monument Avenue.

Only two meetings had been called at the City Hall yesterday for this week—that of the Board of Aldermen, at 8 o'clock, and the Finance Committee, at 8:30 o'clock to-morrow night.

The Board will consider the acquisition of the Forbes property by dedication to the city for the opening of Monument Avenue beyond the Belt Line Railroad tracks. Acquisition of this strip of land is all that now stands in the way of the project. Other property owners for several miles beyond the city limits have given the required land to the city free of all cost.

The Finance Committee is called for the specific purpose of taking some action on the proposed city farm project, for which the Public Buildings, Properties and Utilities Committee has recommended the purchase of the Newstead Farm, in Henrico County, which is located on the Osborne Turnpike, within a few miles of the city. The property is said to be ideally situated for the purpose, fronting, as it does, on the James River, with a private wharf, providing ample water transportation facilities, as well as those furnished by two county roads.

Robert Craig, alias Frank Smith, colored, was sentenced to a similar term on a charge of stealing a suit of clothes from Addis Bass.
